• HTML5 • CSS3 • JavaScript (ES6+) • TypeScript • React • Tailwind CSS • Vite • npm / pnpm • Git & GitHub • Chrome DevTools

Back-End & Integration

• Node.js • NestJS • REST APIs • MongoDB • Prisma • JWT Authentication • bcrypt • Postman • dotenv

UI / UX & Design Support

Adobe Photoshop, Canva

PROFESSIONAL EXPERIENCE

Front-End / Back-End Developer (Freelance / Remote)

- Developed and deployed **10+ responsive websites and web applications** using HTML, CSS, JavaScript, and React.
 - Built reusable React components and modular CSS structures, reducing development time by **30%** across multiple projects.
 - Integrated **RESTful APIs** to support dynamic content, form submissions, and interactive user experiences.
 - Optimized application performance through efficient rendering, asset optimization, and clean component architecture, improving load times by up to **35%**.
 - Ensured cross-browser compatibility and mobile responsiveness across Chrome, Firefox, Edge, and Safari.
 - Debugged frontend and backend issues, resolved UI bugs, and maintained existing codebases for long-term stability.
-
